WARRANTY

QUALITY YOU CAN TRUST

Jordan Canning for Tin Plate Printing & Metal Can Manufacturing warrants that our metal packaging products are manufactured in accordance with the highest quality standards and agreed specifications. Our products are designed to ensure safety, reliability, and performance throughout their intended use.

What the Warranty Covers

- **Metal Quality:** The steel meets agreed-upon strength rules.
- **Coatings:** Inner linings stop food from touching the metal.
- **Seals:** Cans hold a tight vacuum to keep food fresh.
- **Safety:** Materials follow food laws like FDA rules.

This warranty is valid provided that the products are stored, handled, and used under normal conditions and in accordance with applicable storage and usage guidelines.
